

Jennifer's Canines Wait List & Deposit Policy

In order to be placed on the official wait list for a puppy, a deposit must be submitted to Jennifer's canines.

Wait List order is maintained based on the date the deposit was received. In the event a check was mailed, the deposit date is based on the post mark date of the envelope.

The wait list is good for any litter. You will be asked to decide which litter you wish to be placed on in order to establish availability of puppies.

In the event you need to postpone getting a puppy we would move you to a later list once you have informed us you are ready to get your new puppy. Placement on this list will be based on your original deposit date.

If you remove yourself from a wait list after the puppies are born you cannot return to that list unless space is available. If space is available you would move back in line based on your deposit date.

If for any reason you decide that none of the puppies in a litter meet your desires you can voluntarily move your deposit to a future litter.

All deposits are refundable.

Refund payouts depend on when refunds are requested.

If a refund is requested prior to the litter being born, refund will be mailed within 5 days.

If a refund is requested after the litter is born but prior to 6 weeks of age, refund will be mailed within 5 days of the slot being filled with a new depositor.

If refund is requested after 6 weeks of age, deposit will be mailed after the 8th week of age of the puppies.
